

## The First Grade Forecast

I hope everyone had a wonderful spring break. We had a great time during our relay recess on Wednesday. Thank you so much for supporting this fantastic cause. Here are some of the activities we have been doing this week.

This week during centers we worked on blends, reading comprehension, story writing, and sentence structure. We have worked to build reading fluency and increased our sight word knowledge.

Our word of the week was bouquet. Students have discussed the meaning of the word bouquet. Students painted a bouquet of flowers. We have also discussed times when people give or receive bouquets. The word bouquet has been added to our vocabulary notebooks.

In Math we have started learning about money. We have learned about pennies, nickels, and dimes. We have discussed the values of these coins and have practiced counting pennies, nickels, and dimes. We will continue to work on this unit next week. We will also learn about quarters and half dollars next week.

In science we have been learning about weather. We have learned about the parts of the water cycle and the elements of weather. We have talked about clouds. We will wrap up this unit next week and move onto learning about plants.

The students received five new Dolch words to add to their word bag. Please be sure to practice these words over break.

Upcoming Events:

April 6- No School- Good Friday

April 20- Art Fair/Book Fair

Warmly,
