

The First Grade Forecast

It's hard to believe that we have entered 2012. This has been a great week here at LITH. I was so excited to see the students on Tuesday. I missed them all so much, but I certainly did enjoy the time with my family. I hope you enjoyed the time with yours too! Here are some of the activities we have been doing this week.

During Language Arts and centers this week we began learning about fairy tales. We have learned about the elements of a fairy tale and how stories can have many versions of the same fairy tale. We have also worked on short vowels, story writing, and our words of the week.

Our word of the week was joy. Students have talked about times then they have felt joy. Today we acted out scenarios to show joy. This was a lot of fun. The word joy has been added to our vocabulary notebooks.

In Math we have wrapped up our unit on fractions. Next week we will move on to learning about time. We will talk about clocks, time to the hour, and estimating how much time activities take.

This week we shared our 18 Days of Winter Vacation book. It sounds like each child really had a great time!

This activity was a lot of fun. Next week we will begin learning about the Polar Regions.

The students received five new Dolch words to add to their word bag. Please be sure to practice these words each night.

Warmly,

Upcoming Events:

Jan. 19- Family Education Night
